

HAKA

EDUCATIONAL TOURS

Broadening young minds through
real life travel experiences

Completely stress-free >>

As part of the award-winning Haka Tourism Group, we draw on a wealth of group travel expertise and our fully inclusive tours, precision planning and 24/7 support ensures your journey with us is a smooth one.

1

Tailored Proposal

If you have a particular subject, learning objective, or destination in mind, we'll work with your budget to create a one-off curriculum-aligned tour that will truly captivate your students.

2

Promotion & Fundraising

Our toolkit supports this critical stage of the process, with everything from personalised websites through to poster templates and presentation evenings, to help you engage and inspire the decision makers – the parents!

3

On Tour

Your expert tour guide will take care of all logistics whilst on tour, and you'll be able to call on the services of a dedicated tour manager at any time of the day or night, letting you focus 100% on your students.

Make the world your classroom >>

North America

The opportunities are endless, from the pinnacle of sport to presidential history, to bringing STEM to life in Silicon Valley or at the home of NASA.

Africa

From ancient empires to the heart of the civil rights movement at Johannesburg's Apartheid Museum, to Cape Town's adventure playground and proud sporting culture.

Central & South America

From exploring the Amazon's rich biodiversity, to intensive Spanish language workshops and life-changing community and conservation projects.

Europe

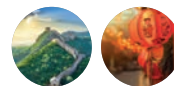

Indulge in Italy's classical history, architecture, religion and cuisine, explore the arts and language of France or immerse yourself in Germany's modern technology and classical music scene.

Oceania

Outdoor education opportunities abound, as do geographical marvels, unique wildlife, and opportunities to engage with indigenous cultures or to challenge the local sports teams.

Asia

Such variety, from remote rural villages to densely populated cities, from cutting edge technology to sophisticated economies, coupled with ancient cultures, religions and cuisines.

Inspiring educational tour ideas >>

SCIENCE AND TECHNOLOGY

From natural sciences to the world of STEM, ignite their passion through real world applications.

Space Camp and Silicon Valley

USA

Stand up to the test of simulated space missions, rocket launches and realistic astronaut simulators during Space Camp, before visiting the home of Apple and Google in San Francisco.

Volcanic Wonderland

Hawaii

Bring learning to life, as you explore both Oahu and Big Island, experiencing volcanic cones, rich marine life and archaeological sites, combining classroom learning with real-world context.

Glacier Explorer

New Zealand

View the dramatic Alpine Fault, where the Pacific and Indo-Australian plates collide, visiting two magnificent World Heritage Sites and exploring extremely active and accessible glacial environments.

“ The services offered by Haka Educational Tours were excellent and helped to eliminate any stresses associated with every aspect of our USA STEM tour. ”
