Our Tours

We'll take you where you want to go

The beauty of our Private tours is that you have the option to customise your tour from scratch to build your dream vacation. A custom tour is designed specifically to meet your needs - it could be a family tour, honeymoon or a sporting group. If you see or know of destinations where you want to spend more time, a place that you're not interested in visiting, an activity that you really like, or something that you're not too keen to try, then please let our team know!

Packages tailored to you

Here at Haka Private Tours we specialise in multi-day fully customisable package tours of New Zealand. Each tour package must consist of our minimum operating requirements: accommodation, transport in a private vehicle, and driver-guide. We have a minimum tour duration of three days, and while we can certainly include day-tours as part of the activity inclusions for the itinerary, we do not organise standalone day-trips.

Tick off your bucketlist activities

Aside from being a country full of spectacular landscapes, New Zealand offers a variety of experiences and activities from wine tasting tours and cultural performances to white water rafting and skydiving. There really is something to suit everyone! Our experienced Private Groups team will recommend which activities they think will work best for your tour and book your selected activities for you.

We'll work with you to create a unique New Zealand experience to suit your needs and budget.

HOW WE WORK WITH TOUR AGENCIES

Here at Haka Tours we know that sourcing local operators in New Zealand can be tricky.

With years of experience in dealing with third party agencies around the world and hosting a series of White Label tours, we're confident that we will be able to host and create a tour that not only you, but your guests will absolutely love.

WHITE LABEL TOURS FOR YOUR GUESTS

WHAT IS A WHITE LABEL TOUR?

We know that when it comes to marketing your company around the world, branding is important. International tour operators often ask us to "white label" the tours we've put together for them so their brand is front and centre throughout the tour. For example, for a white label tour, we will put your branding magnets on our vehicle, our guides will wear clothing with your logo on it, and we can incorporate your company values or a catch phrase or even special features such as a branded farewell dinner to the tour.

WHAT NEXT?

If you're interested in running a New Zealand tour but don't yet have an operator to do so, please get in touch with our team! We can organise for you to host multiple tours in New Zealand with the same itinerary over an extended period of time/seasons.

LET US ORGANISE
VALUE-FOR-MONEY
TOURS THAT YOUR
CLIENTS WILL LOVE!

WHEN YOU VISIT NEW ZEALAND YOU WILL FIND THAT THE DESTINATION IS AS REWARDING AS THE JOURNEY

SPECTACULAR SCENERY

With towering mountains, lush rainforests, active volcanoes, gigantic glaciers, pristine lakes, idyllic beaches, geothermal springs and untouched off-shore islands; New Zealand's geographical features are some of the most diverse in the world. On a private guided tour, your experienced guide will give you background information about each destination and geographical feature visited.

ADVENTURE ACTIVITIES

Would you like to organise a fly-fishing trip? What about an active tour with hiking and biking? Or have you thought about ticking off that sky-dive and bungy jump from your bucket list? If these spark your interest, then New Zealand is here for you to explore! Don't worry though, if adventure and adrenaline activities aren't your thing then we have plenty of wineries, art galleries, museums and culinary experiences to keep you entertained on tour.

WILDLIFE

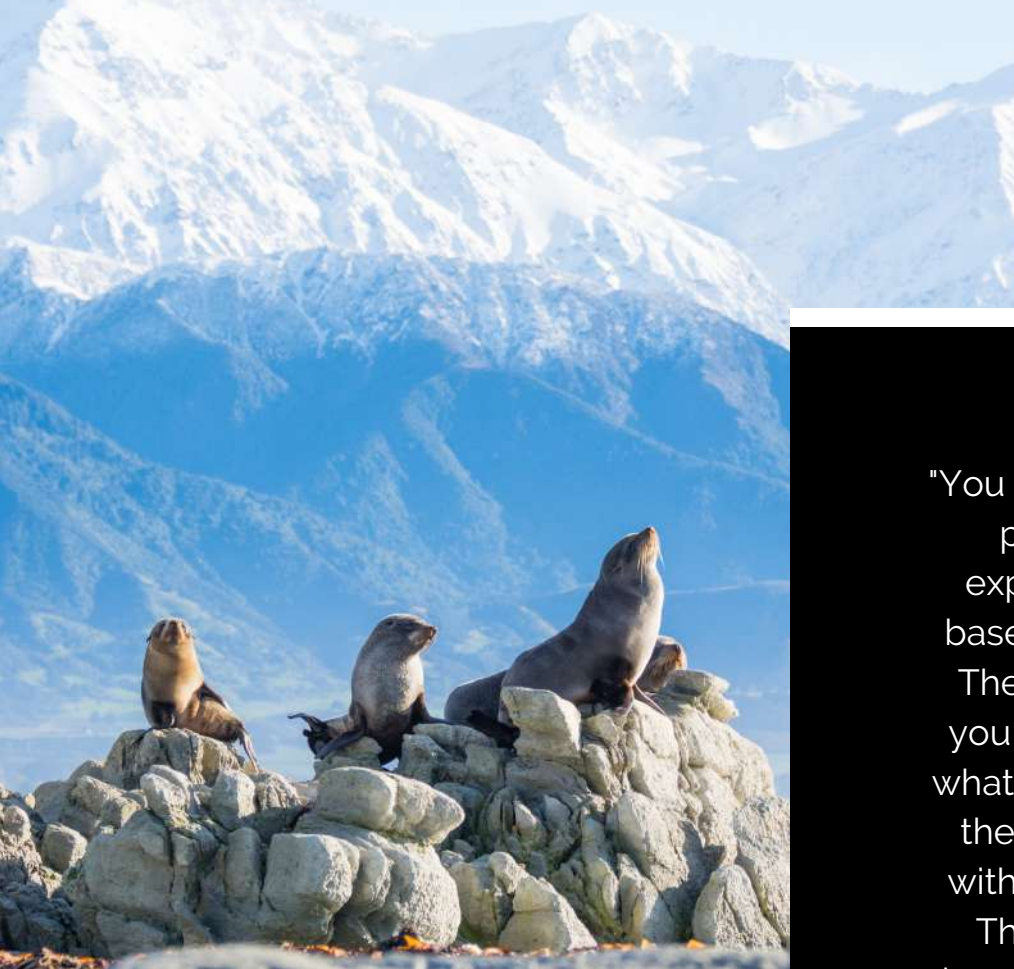

The kiwi bird is the nation's most recognised bird and a treasured national icon. Like a few other New Zealand native bird species, kiwi are rare and are very well protected with only a few select locations where you'll be able to see them up close. Unique to New Zealand, tuatara are the last survivors of an order of reptiles that thrived in the age of the dinosaurs. Almost half the world's whale and dolphin species are found in New Zealand's coastal waters and you're likely to see them in the Bay of Islands or Kaikoura. You can also meet fur seals, albatross, little blue or yellow-eyed penguins and weta – one of the heaviest insects in the world! Alternatively, we can arrange farm visits where you can meet some of New Zealand's famous sheep.

NZ'S INDIGENOUS CULTURE:

Māori people came to New Zealand 800 years ago, naming it Aotearoa, which translates to Land of the Long White Cloud. The Māori people are traditionally deeply connected to the natural world and aspects of Māori culture are integrated into daily life in New Zealand. We can organise for you to get a deeper insight by organising visits to Māori villages where you'll be entertained by song, the world-famous haka, and be treated to a traditional Māori hangi meal. There are many ways where you can get a hands-on and authentic cultural experience: carve your own pounamu (greenstone) pendant, learn to paddle a Māori canoe or learn to weave flax.

THE GUIDES

We believe it's the passion, energy and expertise of our local guides that truly sets Haka Private Tours apart. Sourced from across New Zealand, each guide has their own take on what makes New Zealand so special and will also share with you their local knowledge. Whether they're an expert in hiking, culture, wildlife, food and wine or adventure activities, you're guaranteed to have only the best on tour with you.

TOUR GUIDE SKILLS

KNOWLEDGE OF CULTURE

While New Zealand is comparatively young, it is rich in Māori legend and you'll encounter many tales of the Māori people as you travel through the inspiring landscape. Our tour guides will share important aspects of Māori history, culture and protocol on your tour. They will also give you information about the sacred spots on tour and the significance they hold to the Māori culture.

NAVIGATION

Although New Zealand is relatively quite small in relation to other countries, the roads and driving conditions can be unlike anything international travelers have experienced before. Our guides are trained to all conditions and they know the New Zealand roads like the back of their hands.

EMERGENCIES

If any problematic situations were to arise, Our tour guides have firm processes in place to deal with these in the safest and most efficient way.
